DETAILED ACTION

The amendment filed on September 10, 2010 has been entered. Claims 6-8, 10 and 13 are cancelled, claims 1-5, 9, 11-12 and 14-20 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5, 9, 11-12 and 14-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites “a separating means interposed between said connection means of the tube bundle, [and] said containing means suited to guaranteeing a fluid seal between said connection means and said containing means.” However, as disclosed in the specification and drawings, it is clear the “collection tank” and not “said connection means” is the structure in combination with the “separating means an containing means” that performs the recited function. Correction is necessary.

Allowable Subject Matter

Claims 1-5, 9, 11-12 and 14-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. Claim 2 has been rejoined, due to dependency on allowable claim 1.

Response to Arguments

Applicant’s arguments have been fully considered and are persuasive.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
